Building the National GSA Movement

GSA Network is accelerating the growth of the GSA movement nationwide. GSA Network's National Program helps build the capacity of organizations throughout the United States to network and support GSAs in other states.

National Program

GSA Network launched its National Program in 2005 after receiving requests for assistance from several organizations around the nation. The goals of the National Program are:

1. To convene the National Association of GSA Networks to accelerate the growth and impact of the GSA movement nationwide.
2. To provide training and technical assistance to state and regional networks of GSA clubs across the U.S.

3. To create a GSA network in every state by replicating GSA Network's successful youth leadership and GSA organizing model.

Learn more about how our National Program is [Changing the Nation](#) [1].

Check out the [National Directory](#) [2], an interactive map of every state participating in the National Association of GSA Networks with contact information for each group. Find a GSA network in your area.

Currently, there are 33 states with a GSA network. Our goal: 50 States by 2020!
