Legislative Victories

- Passed! AB 1729 Reforming school discipline
- Passed! Statewide Audit to ensure schools comply with non-discrimination laws for LGBT youth

Our 3 new publications demonstrated that:

LGBTQ-inclusive lessons
MAKE SCHOOLS SAFER
and
Zero tolerance policies harm LGBT youth and don't solve bullying

[1] We're particularly proud of our donors, who held [fabulous events](#) [2] and supported us to make all of these accomplishments possible. It's incredible to realize that youth, no matter where they are, have allies who are rooting for them all over the country. Just look at the map above, and the diverse states where supporters are committing to

LGBT youth.
