GSA Youth Make It Better

Feb. 11, 2011

Over 450 student activists from Gay-Straight Alliance clubs gathered at GSA Network's annual Youth Empowerment Summit in San Francisco this December where they made this inspiring video for the Make It Better Project.

A big thanks to Sam Haynor, Will Greene, and Laura Wadden for filming and editing - and of course to all the fearless LGBTQ and straight ally youth who are making it better in their schools every day.
