Rate Your School: FAIR/unFAIR Survey

The [FAIR Education Act](#) ^[1] went into effect on January 1, 2012 -- so if you're not learning about the role and contributions of LGBT people and people with disabilities in your history and social studies classes, your school is failing to comply with the law. If you're in California, fill out this survey to tell us if your school is FAIR or unFAIR!

See below for print versions of the survey and a Spanish-language copy for students.
