[Registration is now open.](#) ^[1]

Expression Not Suppression (ENS) is a Fresno-based annual conference for LGBTQ youth and straight allies who are dedicated to creating safer schools and building the GSA movement in the Central Valley. ENS is youth-planned and youth-led.

The aim of ENS is to provide a safe space in which students may come together to explore the multiple oppressions faced by youth, help teachers become advocates and form partnerships with LGBTQ and straight allied youth, and become armed with the tools needed to change the world! As an ENS participant, you will make new friends, be exposed to a wealth of valuable resources, feel empowered and supported, and have fun!
